## Set-up Instructions

### Roll-up Stand

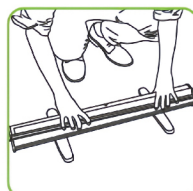

Assembly Instructions

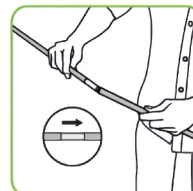

1. Unpack your Roll-up Stand from the carry bag and make sure you have all the components you need.

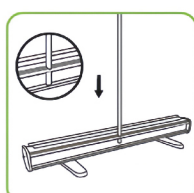

2. Place your Roll-up Stand on the floor and rotate the feet 90 degrees to the base.

3. Place your Roll-up Stand on the floor.

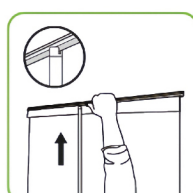

4. Take out the three-section pole from the stand base, unfold the poles and connect them together to form a long pole.

5. Insert the pole vertically into the base slot located on the back side of the base. Make sure that pole is secured tightly.

6. Gently pull up the graphic from the base with your foot stepped on the banner foot and one hand holding the pole.

7. Place the round end of the pole into the circular support on the back side of the Roll-up Stand base and pull it straight.

8. Now your Roll-up Stand is ready for display!

## Foamboard

### Hollow Board

#### Product Description:

Hollow Board is a popular option for outdoor signage since it is sturdy, light-weight and easy to carry. With our upgraded UV printing technology, our Corflute Board has the added advantages of Ultraviolet (UV) and water resistance so it's guaranteed to last for years! Different from many Hollow Boards out there coated with lamination, we print directly on our material so it's 100% bubble-free. We offer both single-sided and double-sided printing for Hollow Board.

#### Material:

5mm white Hollow Board

#### Printing Resolution:

1440 dpi

#### Application:

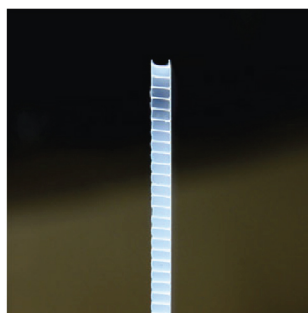

Building signage, galleries, household decorations, or indoor promotions.
