File Submission Guidelines for Folding

1. Please specify clearly FRONT and BACK above your artwork and indicate the folding type.

Sample:

Letter Fold F7

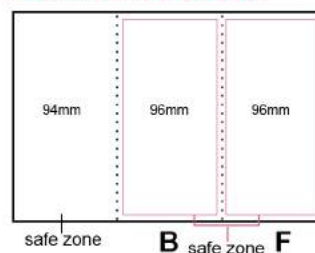

2. Please take note the inside panel in folding always shorter than FRONT and BACK Panel.

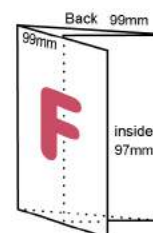

3. Kindly make sure you prepare extra 2mm safe zone while design the artwork for inside panel.

4. Example, if you are doing a Letterfold, divide your paper width (horizontal) by 3 (ie, on an A4 (210mm x 297mm) sheet, divide 297 by 3 to get 99mm). This number will be the size of your two wide panels. The third (short) panel will be only 97mm after folding.
